

30 August 2023

Dr Yawen Chen
School of Computing
University of Otago

Tēnā koe Dr Chen,

INTERNATIONAL PROGRAMME INNOVATION GRANT

I am pleased to inform you, on behalf of the Internationalisation Committee, that your application for an International Programme Innovation Grant entitled 'Otago-SWU MAppSc in AI/CS/Tele Co-education Project' has been successful and you have been awarded \$5,000.

Keri Te Tamaki, Finance Advisory, will advise you of the new activity centre. Please note that funds will need to be spent by December 2023. All transactions must be completed by this date and no extension of funding will be possible beyond this date.

Should circumstances change and some of the funds are no longer required, please advise Susan Steer, International Programmes Development Manager, as soon as possible so that the funds can be reallocated.

On completion of the project you are required to submit a report to the Internationalisation Committee which should include a financial breakdown of how any allocated funds were spent, along with a commentary of the outcomes of the project to date, an evaluation of the project and the dissemination of those outcomes.

Could you please advise Susan Steer of your acceptance of the grant, and send any correspondence to her in the first instance.

Please accept my congratulations on your success and I look forward to reading your report.

Nāku iti noa, nā

Professor Tony Ballantyne, *FRSNZ*
Deputy Vice-Chancellor (External Engagement)
